It also happens to be a great place to fly kites. The site is owned and maintained by the Newtown Forest Association. Photo by Andrew Gorosko.

One of the highlights of the year for the Newtown community is the annual Labor Day Parade, which draws thousands of marchers and spectators on Labor Day to the center of town.

The rust-colored bridge that crosses Lake Zoar from Glen Road in Sandy Hook to River Road in Southbury is known as the Silver Bridge because for years it was painted an aluminum color. The bridge will be renovated in 2015-2016 and returned to its "silver" status, according to the state Department of Transportation. —Bee Photo, Gorosko

The Victory Garden
Supporting Newtown's food pantries, The Victory Garden is in need of help to provide fresh produce to the food pantries in Newtown. Providing fresh, healthful produce to the neediest families is the goal of The Victory Garden. The Victory Garden, going into its fifth year, is located in Fairfield Hills, and the town is generously providing the land, cultivation, water, and deer fencing by the support of the Newtown Parks and Recreation Department. Ways to help are through donation and time. All donations are made through Parks and Recreation Department Park Gift fund with the memo: "Victory Garden." For more information, contact Director of Parks and Recreation Amy Mangold (203-270-4340). Individuals and groups can "Own A Row" and plant, cultivate, and harvest a row in the garden. If you are an experienced vegetable gardener, this is a chance to teach novice gardeners and students, and students in need of volunteer hours are welcome. Public rows will be set up so those interested may garden without owning a row. Three wheelchair accessible garden beds will be available this season. No pesticides or herbicides are used. Picnic tables in the shade are provided for gardeners to rest and socialize. There will be an optional vegetable garden competition. (Recreation officials will be looking for judges.) In each of these we seek not only to understand the meaning of Scripture, but apply it to our lives, by the power of the Spirit, so that we might increase in our worship, love, and obedience to our great God and Savior (Titus 2:11–3:7; John 13:14–17, 34–35; Col. 3:5–17).

Sunday Services begin at 9:30 with Adult and Children's Sunday School (all ages). Our main service is 10:45 am–12:15 pm. Newtown Solid Waste Transfer Station and Recycling Center, Ethan Allen Drive (off South Main Street/Route 25); 203-270-4307. Justine Semple is administrative assistant; Arlene Miles is administrator. Open Tuesday through Saturday, 7 am to 3 pm (closed all legal holidays including half days [closing at 11 am] on Christmas Eve and New Year's Eve.) Residents may bring their trash and recycling to the site.

Permits to bring trash, garbage, and certain other items to the transfer station may be purchased there by Newtown residents. The fee is $80 per year for the 12-month period beginning July 1; if purchased in a month other than July, permits are prorated for first-time permit buyers. If you had a permit for the prior year, the fee for a new permit is $80 regardless of which month a new permit is requested. Monthly passes are available for $10, and daily passes are $6. In addition to the permit fee, fees are charged for large trees and stumps/brush ($10 per cubic yard), and demolition and construction material ($39 per cubic yard, with a $15 minimum). All materials (except refrigerators, freezers, and other similar home appliances) are limited in size to 4 by 4 by 4 feet. (Items such as sofas and other furniture, construction debris and stumps, must be cut up to meet that size limitation before being brought to the landfill.)

The town pays contractors to collect certain recyclables (#1 and #2 plastics, metal food containers, glass food containers, newspapers, and corrugated cardboard) from residents' homes on a weekly basis. Magazines (stacked and bound with string) also are collected on the first week of the month. Recycling bins for curbside pickup can be picked up at the Public Works Garage, 4 Turkey Hill Road. New resident or replacement bins are free; each additional bin is $5.

Residents can also take their recyclables directly to the recycling center. No permit is required for residents using only the recycling center, but they will be required to show proof of residency. The center also accepts the following recyclables: used motor oil and oil filters, used antifreeze, scrap metal and appliances, tires, batteries, and brush (under 4 inches in diameter and 4 feet in length). Goodwill Industries has a staffed donation center across from the recycling center for the collection of clothing and household items.

NEWTOWN HEALTH DISTRICT

Board of Directors: Dr Robert Grossman, Joan Crick, Audrey Grasso, Bernie Meehan (Roxbury), Curtis Read (Bridgewater), and Herb Rosenthal, Rev David Peters (alt), Anne Marie Lindblom (alt). Unsalaried.
Medical Advisor & Associate Director of Health: Thomas F. Draper, MD. Salaried; $10,042.
Director of Health/Deputy Director of Emergency Management: Donna M. Culbert. Salaried; $93,550.
For information, call 203-270-4291 or send e-mail to donna.culbert@newtown-ct.gov

An independent Health District was formed in 1994 to serve both the Town and Borough of Newtown. On January 1, 2006, the towns of Roxbury and Bridgewater folded their respective part-time health department offices into a regional entity still known as Newtown Health District.

The agency is controlled by a six-member board, which consists of four members appointed by the Board of Selectmen with input from the Borough of Newtown's warden and burgesses, and one additional member assigned to represent each of the two new member communities. Members serve for three-year terms.

The Health District's mission is to promote and to protect the physical and environmental well-being of the citizens of the Newtown Health District through the provision of wellness and health promotion programs, the active support of community efforts and collaboration with community partners, and the enforcement of public health laws and regulations. The Health District reviews plans for, issues permits to construct, and inspects new and repaired septic systems. It reviews permit applications and issues approvals for water supply well drilling. It reviews plans, issues licenses, and inspects food service establishments (delis, restaurants, schools, grocery stores, etc). It reviews and signs-off on building permits for any/all proposed work to ensure compliance with Connecticut Public Health Code.

The Health District investigates complaints (wastewater, pollution, housing, potential vermin, etc). It provides surveillance and follow-up on reportable communicable diseases (i.e., tuberculosis, salmonella, E. coli) that could have public health implications. It promotes health education on such relevant local issues such as tick-borne disease prevention, physical activity and nutrition, and influenza prevention. It participates in local and regional public health emergency preparedness planning, exercise, and evaluation. The district hosts an annual Health Fair each September.

The district employs a full-time salaried director of health, who oversees a staff of sanitarians and health inspectors. The director also serves as the town's deputy director of emergency management and coordinates actively with the emergency management director on all related issues.

The Eichler's Cove beach and marina is located at the end of Old Bridge Road. The area offers the only public access beach to Lake Zoar in Newtown. Park permits are available for residents at the
